### Test Scores

## 'Andover Students Not At Risk' - - Mitsakos

By Sue Aucella Deacon

A national commission on education titled its recently published and well-publicized report *A Nation At Risk*, Andover's assistant superintendent noted this week — but according to the results of recent achievement tests, he said, "Andover students certainly are not at risk."

Assistant Superintendent Charles Mitsakos reported to the School Committee Tuesday night that Andover students scored "significantly above the national norms" on standardized tests given early last month.

Both SCAT (School and College Ability Test) and STEP (Sequential Tests of Educational Progress) tests were given to third-, sixth- and eighth-graders and the results compiled by Educational Testing Service. (Testing was done every year in every grade until two years ago, Mitsakos said, when budget cuts forced cuts in the testing program.)

Students were tested for specific math and reading skills and in social studies and science, and completed a writing sample as well, Mitsakos said.

Results of this year's tests were "as good or better" than in past years, he said: The school system averages for each of the tests were at or above the ninety-third percentile, and most were at the ninety-fifth percentile, the maximum percentile computed. That is, Andover students' average performance equaled that of 93 percent of all students who took the standard test.

In addition, the assistant superintendent

said, the tests show that Andover students are performing at two to four years above grade level norms. Andover students also achieved higher scores than students in communities with a socio-economic profile similar to Andover's, he added.

Results of the tests will be mailed home to parents this week.

The results broken down by subject and school show little variation in scores, with most at or above the ninety-fifth percentile. Some variation appears in scores for some West Traditional students, who scored lower than students at other schools in six out of eight subjects.

West Traditional third-graders scored at the fifth-eighth percentile in math computation, compared to the ninety-third at South School and the ninety-fifth or above at Bancroft, Sanborn and West Contemporary. (West Traditional sixth-graders scored above the ninety-fifth percentile, as did their counterparts at the other schools.)

West Traditional third-graders scored at the seventy-second percentile in listening skills, while the other schools' third-graders were above the ninety-fifth percentile. Traditional sixth-graders scored at the ninth percentile; sixth-graders at the other schools, above the ninety-fifth.

West Traditional third-graders also scored lower in writing skills (eighty-fourth percentile compared to the ninety-fifth or above at the other schools), math basic concepts (eighty-fifth percentile), and science (eighty-fifth compared to ninety-second at West Contemporary, ninety-third at Bancroft, ninth-fifth at Sanborn and above the ninety-fifth at South.)

West Traditional sixth-graders scored at the eighty-ninth percentile in math basic concepts; sixth-graders at South scored at the ninety-fourth, and at the other schools, at the ninety-fifth or above. West Traditional sixth-graders matched their counterparts at the other schools in all but the

Ballardvale residents, unhappy about a selectmen's decision that could help bring new industry into the Lowell Junction area, Monday night urged the board to reconsider that decision because it could increase traffic in their neighborhoods.

But the selectmen did not move to reconsider their vote, taken two weeks ago, to amend the master sewer plan to include a 53-acre site belonging to developer R.J. Kelly Corp. of Burlington in the town's sewer area. That vote could allow Kelly to sewer the site.

Ballardvale Village Improvement Society President James Cassidy also presented the board with a petition seeking an "immediate moratorium" on further industrial development in Lowell Junction — and asked the selectmen to take immediate steps to reduce existing traffic problems in the area.

"Nothing has been done to reduce the traffic, and things have been done to increase it," Cassidy told the board. "Our quality of life is going down — and we want action now."

The board promised to act on the society's recommendations to reduce traffic by the end of June.

But they said they cannot place a moratorium on industrial development: Selectman William Dalton said only a change in zoning, approved by a two-thirds vote of town meeting, could accomplish that.

Cassidy said the industrial subdivision proposed by Kelly "will only increase traffic flow and further reduce the quality of life in our neighborhoods."

Kelly plans to build 400,000 to 500,000 square feet of office space in an office and research park off Route 93, near the Gillette plant, with part of the office park located in Wilmington and Tewksbury. Approximately 300,000 square feet of space is expected to be built in Andover.

Kelly's site fell outside the boundaries of Andover's sewer area, as described by the 1980 master sewer plan, until the selectmen voted to amend the master plan two weeks ago.

However, they emphasized this week that their vote does not guarantee that Kelly will be able to sewer the subdivision. The developer still needs the approval of the Planning Board, Conservation Commission and Board of Health, as well as the selectmen's approval for individual sewer connections.

Dalton said the selectmen's vote was intended to give Kelly the alternative of either sewerage the site (at his own expense) or serving it with a septic system.

Chairman Gerald Silverman and Selectman Charles Wesson said they voted to allow sewerage the site because they believe that without sewer lines, the developer would build the office park with a septic system, and town officials fear a septic system could create "big problems," Wesson said.

Cassidy also questioned whether Kelly would build on land that could be used in the future as the site of a cloverleaf off Route 93, which he called the residents' "ultimate goal" for solving Lowell Junction traffic problems.

Town Manager Kenneth Mahony answered that town officials have asked the developer to indicate the potential cloverleaf site on all his plans, and as to the manager, Kelly does not plan on that portion of the site for at least

## Andover House Computer Audition Accepted

During a meeting at Shawsheen School Tuesday night, the School Committee approved one retirement, one resignation, and one new appointment.

The committee approved the retirement of Albert Hoffman, industrial arts teacher and head teacher at Andover High. Hoffman has been with the Andover schools since 1973, and had served as head teacher since 1981. His retirement is effective June 30.

Norman Forsberg resigned from his position as hall monitor at the high school, effective May 2. He has filled that position since November.

And Charlette Lynch has been appointed leader of the computer program, part of the gifted and talented program, at West Elementary School, at \$100. She has served in the position since September.

## Gold Star Parents Invited

The Andover Patriotic Holiday Committee invites all Gold Star parents to participate in the Memorial Day parade on Monday. The parade will begin at 9:30 Monday morning, and all parade units will assemble at the rear of Town Hall at 9 a.m.

Those who would like to participate should contact committee secretary

John J. Lewis at 475-1705, so that he can arrange for their transportation.

The patriotic holiday committee also invites all veterans to march in the annual parade, as well as all servicemen on active duty with the armed forces who may be in Andover on the morning of the parade.

## Iceland Road Garage Still Town-Owned

The town will hold onto the old Iceland Road garage for a while longer, the selectmen decided Monday night, while the board waits for a report from the building inspector on how much it would cost to repair the small building.

Town Manager Kenneth Mahony said that if the town keeps the building, it must be brought up to building code standards. He questioned, however, the wisdom of spending time and money on the building when more important town

buildings need attention — and when a neighbor is willing to buy it from the town.

But Selectmen Charles Wesson said the Community Services Committee is interested in using the building for storage, particularly if an adjacent playground — currently unused — is used again in the future. The board agreed to defer acting on Mahony's recommendation to sell the building until the building inspector's report is complete.

### Dedication

Priscilla Seewald, president of Friends of Memorial Hall Library and Nancy Jacobson, library director, review a bound copy of the original library dedication speech given by Rev. Phillips Brooks on May 30, 1873. A poster proclaiming the dedication, at left, is part of an exhibit currently on display at the library. The exhibit and a gala planned for Monday, May 30 from 7 to 10 p.m. at the library will honor the 110th anniversary of Memorial Hall and the ten years of service to the facility by the Friends. Plans include dancing to 'Memories,' a live combo along with refreshments.

### In Honor Society

Mark Maher, son of Mr. and Mrs. David L. Maher, Farmland Circle, Andover, has been initiated into Colby College's Phi Beta Kappa Society.

Election is considered to be among the highest honors an undergraduate can receive. Phi Beta Kappa restricts its chapters to leading colleges and maintains high academic standards.

Maher, a graduate of Andover High School, is a senior majoring in administrative science.

In some parts of Europe, people were reluctant to cut mistletoe and shot it down instead.

Directors are: Nicia Gruener, bulletin; Mary Ann Marusich, finance; Linn Anderson/Sue Hayes, hospitality; Ann McGovern, membership; Jean Comstock, member records; Janet Martin, publications; Debbie Moggio, unit organization; Sue Costello, voter service/citizen education; Victoria Johnson, education; Marjorie Dresser, women's issues; Chris Holmes, international relations; Jeanie Powers, land use; Cynthia Townsend, legislative action; and Joanne MacMullen, observer corps.

Elected to portfolios, but serving in an off-board capacity are: Learline Beaty, circulation; Thea Bukulski, natural resources; Lori Comeau, budget; Sue Redgate, chairperson, nominations; Jean Leuner and Therese Reichert, nominating committee.

Other business included the adoption of a review and update of a local program entitled "Focus on Andover" which will lead to an update of "Know Your Town" to be published in one year. The budget was approved, including the recommended dues increase. The editorial changes on the local position on education resulting from this year's update study were approved.

Rep. Sue Tucker urged members to uphold their long established reputation of careful study and action with a plea to consider program financing.

## Junior High Students Focus On Issues

Youth job programs, increased funding for the arts and a back-to-the-basics school curriculum are among the key issues the state legislature should address this year, according to ninth-grade students at West Junior High School.

State Rep. Sue Tucker of Andover met with the students during a recent visit to the school as part of an ongoing effort to, in her words, "bring government closer to young people." Tucker has hosted 300 students at the State House in Boston and visited hundreds more in Andover schools over the past three weeks.

Tucker solicited students' ideas on bills they would like to see passed by the legislature. The project, which followed a brief talk by Tucker on the duties of a state representative, was designed to acquaint students with the legislative process.

One student proposed a bill that would require the average school day to consist of only "the five major and most important subjects" (with 45 minutes given to the teaching of each on a daily basis): math, science, English, social studies and a foreign language.

One student suggested "an act to permit the use of off-road vehicles on designated areas." The measure, as rewritten by the student, would allow "motorcycles and other off-road vehicles to use

trails and tracks set aside for such use."

The ninth-graders wrote their proposed legislation on copies of the actual form used by state legislators in writing new bills at the State House.

Tucker has also visited Andover High School in recent weeks, addressing a careers program on one occasion and to a pre-prom school convocation of 400 students on the dangers of drunk driving.

In Boston Tucker has met with 300 students from West Junior High and Pike School since mid-April, speaking to them briefly as part of their tour of the State House.

Making state government "interesting, accessible and real to young people is one of my major and most important responsibilities as a public official," Tuckers says. "Today's youth are tomorrow's adult citizens. It is essential that they have an appreciation for good government, and a desire to make government work for the common good."

grant has been processed by the division of water supply of the Department of Environmental Quality Engineering.

Commissioner Anthony D. Cortese of the Department of Environmental Quality Engineering, who made the announcement, said that this project was required to utilize an additional source of water that is being pumped from the Merrimack River into Haggetts Pond. This water must be provided with complete treatment before it could be considered as a source of public water supply. The water filtration plant, completed in 1975, is capable of delivering up to 12 million gallons of water per day to the residents of Andover.

The Department of Environmental Quality Engineering is the state's environmental regulatory agency responsible for developing, administering and enforcing programs which regulate air, water pollution control facilities, surface water and ground water supplies, wetlands and solid and hazardous wastes.

## Wool Blankets

The Agricultural Stabilization and Conservation Service (ASCS) together with the State Department of Food and Agriculture have designed a wool growers incentive program to help boost the local wool market.

Wool growers can pool their product instead of dealing with a commercial buyer to insure a better price per pound for the commodity. The

Massachusetts Department of Food and Agriculture has wool to be made into blankets. Last year more than 1,400 blankets were manufactured.

# Daughter Follows Mother In Nursing Career

By Sue Aucella Deacon

Among the 47 fledgling nurses who graduated from the Northern Essex Community College Department of Nursing last Sunday was one who may have a better idea of what to expect from her new profession than the others.

And one of the proud parents watching her daughter receive her nursing pin during ceremonies at Phillips Academy's Cochran Chapel may understand better than the others what lies ahead for the new nurse.

Nursing grad Cynthia Milne, 20, of Andover has heard her mother tell stories about the days in the life of a nurse: Her mother, Sally Milne, is a nurse at Bon Secours Hospital in Methuen, and a 1977 graduate of the NECC nursing program.

Cynthia graduated from Andover High School in 1981, and enrolled in the community college two-year nursing program in the fall of 1981. The nursing course was "more difficult than I expected," she says, "but I enjoyed it."

She doesn't remember when she really decided to become a nurse. That decision grew in part from her work as a nurses' aide at a local nursing home at age 14, when she realized that she "enjoyed working with people."

And it grew in part from her mother's interesting experiences: "She would come home with her stories," Cynthia remembers, calling her mother's career "definitely" an inspiration to her.

Next month, she will begin working at Tewksbury Hospital. Her future plans include surgical nursing, which she became

interested in while working at St. Joseph's Hospital as part of her training. And she hopes to return to nursing school someday to earn a bachelor's degree.

Sally Milne is an Andover native, married to Andover Police Patrolman John Milne and the mother of three daughters (Jennifer, 11; Tammy, 21; and Cynthia). Before studying nursing, she worked as a teaching assistant in the Chapter 766 program in Andover schools for two years.

After graduating from NECC in 1977, Sally worked on a medical/surgical floor at Bon Secours. She later worked as a head nurse at New England Memorial Hospital for a while, and is now back at Bon Secours, working in the Emergency Room.

"I like nursing," Sally says. "I like working with people, and the feeling that you've actually helped someone at the end of the day." There are disadvantages, however: "You take your work home with you," she notes, "or sometimes you don't come home."

Nursing is also "a continual learning experience," she explains. "You learn from each other, and you learn from the patients." She feels "fortunate" to work at Bon Secours, where much attention is given to continuing education, she adds.

Sally Milne says she is proud that her daughter has chosen to follow her into nursing — but she doesn't believe Cynthia was particularly influenced by her mother.

"She made up her own mind," Sally says. "It was something she really wanted to do."

## Pinning Ceremonies

The nursing department of Northern Essex Community College held its 1983 pinning ceremony at Cochran Chapel at Phillips Academy. The 47 students who have successfully completed the rigorous two-year Registered Nurse Program and will graduate June 4 with an Associate of Science Degree in Nursing were presented Northern Essex nursing pins.

The graduate nurses marched into the chapel to the Processional of "Chariots of Fire" wearing white graduate uniforms and carrying a long-stem red rose. Welcome was extended by Dr. Dolores J. Haritos, chairperson of the department of nursing, and Dr. Robert McDonald, dean of academic affairs, of Lowell Street, Andover. Paul Bevilacqua, division chairperson for human services and health professions, also greeted the attendees.

The faculty speaker was Thelma Halberstadt, senior nursing coordinator, who lives on Karlton Circle, Andover.

Cynthia Hubbard, freshman nursing student, sang "What I did for Love," accompanied by John Citron, student in the music department at Northern Essex.

Dr. Haritos and Mrs. Gail Tangard, class advisor, presented the nursing pins.

The Betty Jo Coppola Scholarship Award, in memory of Mrs. Coppola, nursing class of 1982, was presented by her husband, Atty. Philip Coppola, whose law office is in Andover.

Andover members of the nursing class of 1983 are Andrea Cox, Deborah Curley, Cynthia Milne and Marie Sanchez.

## DCS Gearing Up For Summer Playgrounds

The Department of Community Services is preparing the annual summer playground program scheduled to begin Monday, June 27. Drop-In playground staff will supervise Ballardvale, Bancroft, Doherty, Sanborn, South and West Elementary. The weekly special events include a puppet show, Whalom Park field trip, Peanut Carnival, Good Sports Day, a magic show featuring E.T. and Donkey Kong, a rollerskating party and a sand castle contest at Cranes Beach in Ipswich. Playground leaders will contribute their talents in arts and crafts, sports leadership and more.

Among the changes is the addition of the Doherty School playground which was discontinued for the past two years due to the heavy construction on the school site.

The Tiny Top playground at West Elementary School is geared for children ages 3 and 4 (they

must be three years old by June 30). Children may be registered for a two-day a week program (Tuesday and Thursday) or a three-day a week program (Monday, Wednesday and Friday). The option of registering for a partial week program helps many youngsters and parents adjust to separation for the first time. Playground hours are 9 a.m. to 12 noon.

The Preschool Playground, geared for children ages 4½-6 (they must have been four years old by January 1) will be held from 9 a.m. to 12 noon.

The All-Day program, held at the technical school from 9 a.m. to 4 p.m., is expanding the age limit to include children who have completed kindergarten through grade 6. Transportation and extended morning and afternoon hours are available for an additional fee.

Registration has begun and will continue on a space-available basis. Priority will be given to those signing up for a minimum of four weeks. Registration for the Drop-In playground program will be held June 15 at West Junior High or parents can register their children at the playground.

## NESWC Begins Refuse Facility Construction

New England Electric announced recently that its customers in Massachusetts, Rhode Island and New Hampshire could soon be using more electricity produced from everyday trash than utility customers anywhere else in the nation.

John F. Kaslow, senior vice president, made the announcement in a speech at ceremonies to kick off construction of the Northeast Solid Waste Council's (NESWC) trash-to-energy plant to be located in North Andover.

"New England Electric," he said, "will purchase the electricity produced at the new facility for use by customers of its subsidiaries: Massachusetts Electric, Narragansett Electric in Rhode Island and Granite State Electric in New Hampshire.

Power from the trash-to-energy plants will be substituted for power from plants which burn expensive foreign oil. Kaslow explained, "The power from the NESWC project alone is expected to displace nearly 400,000 barrels of foreign oil a year at an annual savings for our customers of more than \$1 million."

"Talk not of wasted affection; affection never was wasted." — Henry Wadsworth Longfellow.

NESWC recently completed financing arrangements for the trash-fueled generating facility. When it goes into operation in 1985 it will convert residential and commercial trash from at least 22 communities in northeast Massachusetts to 225 million kilowatt hours of electricity annually.

Sandy Hagen's Jazz Dance Center, 35 Kingston St., Boston, will present "Pupils in a Celebration of Dance, Music and Song" on Saturday, June 4, and Saturday, June 11, at 8 p.m. selections will range from a 1920's Charleston to a 1980's rock piece. The show incorporates dance, song and drama, with a sprinkling of comedy and novelty sketches.

Call the center for ticket information.

## Certified Pastoral Supervisor

Sister Mary Gemma Neville, C.B.S., Bon Secours Hospital associate director, Pastoral Services, recently received "full" certification as pastoral supervisor by the United States Catholic Conference (USCC) board of examiners. This certification enables Sister Gemma to develop and present accredited pastoral education programs for any Catholic institution located in the United States. As a certified member of the USCC, she will now be eligible to apply for accreditation of Bon Secours Hospital by that organization.

Sister Gemma received her certification following the submission of a synopsis of her supervisory philosophy, a case study of one of her clinical pastoral students and letters of recommendation from various professional peers. She then appeared before the board during its mandatory interview process, before receiving her official certification.

Sister Gemma is responsible for coordinating special departmental activities including liturgies, educational and spiritual programs and patient visiting services. She provides spiritual and pastoral counseling to individuals, groups and families as well as clergy and other health care professionals.

Sister Gemma joined the congregation of the Sisters of Bon Secours 39 years ago. During her first seven years of apostolic and religious training,

## The Religious Community

### Donation

Mike Jayes, son of Mr. and Mrs. Robert L. Jayes of Andover, representing the Genesis Youth Group of St. Augustine's parish, presents \$1,000 check to Sister Jean and Brother Tom Petite, directors of Lazarus House, Lawrence. Mike organized 45 students from the parish to assist the Lawrence shelter for the homeless through serving meals and raising money.

An existing house can be transformed into a 'new' more modern home through select home improvements that also can increase a home's resale value.

Small jobs, such as minor painting and repair or the addition of paneling and attic insulation, usually can be tackled by homeowners.

## St. Robert's Registration Concludes

Rev. Frederick J. Collins, pastor at St. Robert Bellarmine Church which serves West Andover and North Tewksbury, reminded parishioners that the two-month registration period for the 1983-84 religious education program, known as CCD, will end May 31.

The CCD Board at St. Robert Bellarmine Church is making plans for next year's school of religion. This early registration enables Sr. Joan Lacasse, CCD coordinator, and the committee to design classes, recruit sufficient teachers and order enough text books for all those who have indicated interest in the program. Each year children in grades 1-10 are provided with a program of religious studies. "The parish," says Fr. Collins, "is trying to offer a serious educational effort for its younger generation and, thanks to the people's cooperation with this early registration, it is gradually taking shape. It is our hope that all of the families in the area who traditionally send their children to our program will respond early enough to insure their participation."

## Christian Science Lecture

"Where can we turn when we see financial security slipping through our fingers?" asks Edwin G. Leever of Winter Park, Fla., a visiting Christian Science lecturer. Leever offers a Christian approach to economic challenges in his lecture, "Prayer Is Effective in Our Economy," Tuesday, May 31, at 8 p.m. in the First Church of Christ, Scientist, 278 North Main St., Andover.

Through a series of examples from his own and others' experience, Leever illustrates that prayer brings healing to situation of unemployment, insufficient income and inadequate housing.

"Prayer," he says, "is discovering what is true of God and His creation. It's seeing more clearly the abundant good God has for each one of us."

This deeper understanding of God's goodness brings practical solutions to daily needs, the lecturer states, adding "It brings a deeper dimension to life—it satisfies our inward craving and brings real peace and security—it helps us to make a more meaningful contribution to the world around us, helping and healing others."

Leever has long been active in his church's healing ministry, resigning from a career in the aerospace industry to devote full time to the public practice of Christian Science. In 1977 he was elected to the Christian Science Board of Lectureship.

The First Church of Christ Scientist in Andover is sponsoring this one-hour lecture which is open to the public. Child care is available.

## Rhubarb At Peak

Rhubarb transforms quickly into sauces, salads, soups, pies, cakes and jams. The peak season for the local crop should last till mid-June, and another native produce item to enjoy now is fresh asparagus.

In rhubarb, select bright, glossy firm stems that are mostly pink or red or light green with a pinkish cast. If stalks are extremely thick, they can be "peeled back" like celery before cooking.

Rhubarb will keep at least three to five days in

the refrigerator and is easy to freeze. Simply wash and cut stalks into one-inch or longer lengths to fit your package. For best flavor and color, heat in boiling water one minute and cool promptly in cold water. Pack in plastic bags or

containers without sugar, allowing 1/2-inch head space, seal and freeze, or in cold 40-percent syrup (three cups sugar to four cups water) with sufficient head space.

On Display

The first of the memorial flags to adorn the main streets on patriotic holidays were hoisted this week in front of Memorial Hall Library.

## To Display Memorial Flags Monday

Andover's Street of Memorial Flags will become a reality on Monday, Memorial Day, when many of the flags donated will be flown throughout the Elm Square area.

The program, initiated only a few weeks ago, has resulted in the donation of 94 flags as of this week, thus assuring the display on Memorial Day, Flag Day, Fourth of July and Veterans Day.

Fabricating of the holders for the flags is continuing at the Greater Lawrence Technical School, according to John J. Lewis, head of the committee which initiated the idea of using the memorial flags which are given deceased veterans' families. The names of the donors are placed on record in town hall and town crews will place the flags on utility poles throughout the downtown area. Lewis said this week that the continued donations indicates the committee may be able to extend the tribute to Shawsheen Square. Original plans called for placing of the flags in poles in the downtown area and up Elm Street to Florence Street.

In addition to the flag donations, the committee has also received and continues to welcome monetary donations since funds are needed for the materials used in placing

the flags. Those wishing to donate may send contributions to Street of Memorial Flags, c/o Andover Savings Bank, 61 Main St., Andover.

Lewis said the teachers and students at the regional school did a fine job in fabricating the holders which may now be observed attached to the poles.

Monetary contributions have been received from: Grace C. Peters, 32 Chestnut St.; Gladys Towne, 8 Old County Road; Andover Post 2128, Veterans of Foreign Wars, Andover Post 8, American Legion, Florence Doll, 36 Lincoln Ave.; Mr. and Mrs. Frederick Nowell, Jr., and family, Mrs. Frank G. Videtto, 23 Cheever Circle; Bessie C. Haartz, 60 High Plain Road; Elizabeth Glidden, Cheever Circle.

Bringing the total number of flags available to 94 were contributions from the following (the name of the family member who donated the flag is listed after the veteran's name):

Harold T. Houston, W.W. I, Army; James H. Eaton, 11 Lawrence St., Lawrence

Walter F. Roberts, W.W. II, Navy; Margaret Roberts, 52 Pine St., Andover

## School Attendance Policy Sensitive

By Sue Aucella Deacon

The School Committee's policy on attendance emerged as a sensitive area in parent-school relations this week, and the committee promised to review its policy, with the possibility of making some changes.

Edward Weil, a member of the Parents Advisory Council to Andover High School, Tuesday night told the committee the attendance policy is "the single greatest area of dissension and disagreement" between school officials and parents.

Parents' main objection is to a requirement that students bring in a note from a physician to excuse absences due to illness. (According to parent Sheila Livermore and AHS Principal Mary Jennings, that policy is usually enforced only at the high school, although it is in effect for all grades.)

Some parents also said they oppose the early release program, which lets high school seniors with fewer than 30 days absence for three years leave school before the end of the year.

Weil pointed out that the policy distinguishes between "verifiable" absences — which include "illness covered by a doctor's note" as well as death in the family, religious holidays and school-sponsored activities — and "all other absences not covered by the above."

According to the policy, students with more than 10 days' unverifiable absences for the quarter fail the course for the quarter; with more than 15 days' in a semester, fail the course; and with more than 20 days' absences for the year, fail the course for the year. "Verifiable" absences are not counted in those 20 days.

Weil called it "a point of irritation" that parents may write notes concerning a death in the family or religious holiday, but not an illness. The policy implies that "parents are lying," Weil said, and also forces parents to pay for unnecessary visits to the doctor.

He suggested that all absences be in one category, and the requirement for doctors' notes abolished.

Livermore, also a member of the advisory group, agreed that it seemed unnecessary to bring a high school student to a doctor just for a note excusing an absence.

And Andover physician Richard Katz said his office refuses to issue notes excusing absences because "the parent is the judge," and he believes it is "immoral and illegal" for school administrators to question the parents' word.

But Jennings said parents were misinter-

## Parade, Services To Mark Memorial Day

Fred H. Harrison, history professor at Phillips Academy will be the speaker at Andover's principal Memorial Day services Monday at Memorial Auditorium.

A four division parade and services at Andover cemeteries will be a part of the annual tribute.

The Memorial Auditorium tribute will be conducted by the Patriotic Holiday committee, with Commander Clarence Johnson of American Legion Post 8 serving as master of ceremonies.

The services will be preceded by the parade which will step off from Florence Street at 9:30 a.m. and proceed down Elm Street to Main Street to Chestnut Street, to Whittier Street to the auditorium. Following the services, the parade will reform and proceed over Bartlet Street to Wheeler Street to Main Street, disbanding in the vicinity of Park and Bartlet Streets.

Rev. Richard T. O'Leary, OSA, pastor of St. Augustine's, will give the opening prayer, followed by the playing of the National Anthem by the Andover High School band.

The eulogy will be given by School Committeeman Michael Giammusso. Diane Bogusz, representing the Girl Scouts, will deliver "In Flander's Field" and David Coppetta, representing the Boy Scouts, will recite The Gettysburg Address.

Following the address by Harrison, memorial wreaths will be placed by Anita Jerackas and Virginia Flynn of the Andover

Post 2128, Veterans of Foreign Wars Auxiliary.

Benediction will be given by Rev. Reginald MacDonald, pastor, Andover Baptist Church, followed by taps and echo by Kevin Griffin and Dino Martone.

Preceding the parade and main service, Andover Post 2128, VFW, and American Legion Post 8, will conduct services at Andover cemeteries. The American Legion post will conduct a service at the Legion monument in Spring Grove Cemetery at 8 a.m. and at the GAR monument in the same cemetery at 8:20 a.m. The V.F.W. will conduct a 7 a.m. service at West Parish cemetery and a 7:30 a.m. tribute at St. Augustine's cemetery.

Parade marshalls will be the members of the Patriotic Holiday committee, Commander Patrick Flynn of VFW Post 2128, Commander Johnson of the Legion post and Veterans Services Director John J. Lewis.

In addition to the Andover High School band, other musical units will be the Lawrence Musicians Union, Clan McPherson and Andover elementary school band. A Marine Corps color guard and marching unit will be in the line of march along with municipal officials, veterans groups, civic and fraternal organizations, Boy Scouts, Girl Scouts, Brownies and Cubs.

All veterans are invited to participate along with active members of armed forces who may be home on leave.

## Justified Impatience

Ballardvale residents are justifiably concerned about further expansion of the Lowell Junction industrial area, a problem they have quietly lived with for years.

Members of the Ballardvale Improvement Society appeared before selectmen this week requesting a reversal of the decision allowing a proposed office park developer to enter the town sewer lines. The board had granted the developer permission by a majority vote a few weeks ago, thus paving the way for construction of an office park which extends into Wilmington and Tewksbury.

Vale residents' concerns centered around increased traffic and other safety factors which have been produced through the industrial development in the Lowell Junction area over the past 15 years.

That the residents expressed impatience is justified. That the selectmen recognize their concerns is important, even if frustrating, in view of the history of efforts to resolve these safety issues which have lingered over the past 25 years.

The more difficult thing for those residing in the Vale to accept is that the land is zoned industrial and can be developed, regardless of whether the selectmen allowed a deviation from the town's sewer master plan.

As is well known, there have been concerted efforts over the past quarter century to get an

access road into the industrial area from Route 93, with little success.

Four years ago there was a glimmer of hope when the then Governor Edward King promised that such a road would be a priority of his administration. When the priorities were later designated, the access road was about third on the list. King is now out of office and the priorities have more than likely shifted with a new administration, the junction road probably going further down on the list.

While it would seem an exercise in futility to continue to place emphasis and effort on obtaining a road into the industrial area, it is recommended that Gov. Dukakis be pestered sufficiently, as have his predecessors, to get the road built. This, based on the theory that continued pestering at that level will one day result in success.

Meanwhile, Andover's selectmen and administration can continue to examine ways to relieve traffic and safety problems in Ballardvale.

Use of Wilmington roads, when rebuilt, will provide some relief, but, as in the past, Vale residents must patiently await the road reconstruction and bear with the traffic conditions.

There have been some other suggestions offered for consideration which the selectmen will address at their meeting the second week in June. It is to be hoped that these and other alternatives will be explored thoroughly in the interim in an effort to provide some relief to Ballardvale residents whose impatience at this point is indeed justified.

## Report To Andover

## Five Ways To Avoid Fiscal Crisis

Another fiscal year with too many needs and not enough money.

Senior citizens need more home-care services to keep them out of institutions. Students need more financial aid to make it through college. Cities and towns need more local aid to cope with Proposition 2½. Citizens want more police officers on the street and additional crime control programs. Environmentalists know that monitoring and controlling hazardous waste costs money. The mentally disabled deserve more community programs and more livable state schools and hospitals. Our bridges and roads continue to deteriorate.

The list of legitimate needs is endless, and will not lessen in years to come.

Gov. Michael Dukakis does not want to raise taxes to meet these needs, and it is doubtful that a tax-increase package could pass the legislature anyway. In my estimation, it is time to get very serious about management reforms in state government. There simply is no alternative.

Presented below, for your consideration, is Tucker's list of five ways to avoid the same fiscal crisis next year:

1) Implement a "sunset law" that would automatically terminate, on a rotating basis, all state agencies, bureaus and commissions. The legislature could reinstate or consolidate those agencies which still serve a valid public purpose.

2) Strengthen auditing and data processing capacity in human service programs and agencies, for both vendor and recipients.

3) Abolish county government—or at least allow home-rule charters to establish county functions and responsibilities.

4) Initiate sliding scale fees for state services.

5) Revise and strengthen disability pension laws.

Many items on this list have been around as "good ideas" for years. Now, I believe that they are indispensable reforms which must be implemented if we are to avoid either tax increases or cutbacks in the legitimate-need items mentioned at the beginning of this article.

Remember that the Massachusetts Constitution, unlike the federal constitution, requires a balanced budget: expenditures and revenues must match.

Meanwhile, debate on the Fiscal 1984 budget is expected to begin soon at the State House. Balancing needs and the bottom line is the legislature's most important job. It is made more frustrating by lack of attention to management control.

If you need help in dealing with state government, or wish to comment on current issues, please feel free to contact me by phone or mail: 722-2692; State House, Room 167, Boston, 02133.

## Down The Years With The Townsman

### 75 Years Ago — May 1908

During this summer it is planned to hold a series of exhibitions of the vegetables and flowers raised by the school children in their home gardens. Specimens of radishes, lettuce, beans, peas, beets and the flowers will be placed on exhibition in one of Mr. Playdon's store windows. Three competent judges will be chosen to award a blue ribbon badge to the best or two best exhibits and a red ribbon badge to the second best or two second best exhibits.

Under a new plan for rural telephone service proposed by the New England Telephone and Telegraph Company, owners of farms, country homes of city business people, clubs, camps, stores, etc. in places having a population of 20,000 or less, can have telephone connections with the general system of New England at very moderate cost. The principal features of this plan are the construction of local lines by subscribers themselves and connection with the nearest office of the New England Telephone and Telegraph Company.

An afternoon of rare pleasure was passed at Arden, the estate of President William M. Wood of the American Woolen Company, on Saturday last, by the officials and overseers of the Wood and Washington Mills, Lawrence. The occasion was an informal gathering to promote good fellowship and right well did the event serve its purpose.

### 50 Years Ago — May 1933

The woodwork on the outside of the town hall will be painted this year, with John Scherner being the painter. Scherner bid low with \$85 being his total for the job. Dexter McCall will paint the flagpole for \$15, he being the only bidder.

Many important matters connected with schools were taken up last Friday when the Merrimack Valley Superintendents association met at the Peabody house. In the morning session,

a debate was held on "Modern Life and Activity Curricula as compared with the More Traditional Type of Curricula." Greetings were extended by Dr. Claude M. Fuess, acting headmaster of Phillips academy. Luncheon was served at the log cabin in the bird sanctuary.

### 25 Years Ago — May 1958

Folks in West Andover with old plumbing better take another look at it before the Wood Hill reservoir is put into use. That's the warning of Camp, Dresser and McKee, consulting engineers to the Board of Public Works. The firm said increased pressure in much of the West Andover area may cause breaks in services.

Charitable bequests of more than \$600,000 are contained in the will of Abbot Stevens of North Andover, it was revealed when the instrument was recorded in the Registry of Probate. Mr. Stevens, who died May 15, and who signed the testament last Jan. 13, left \$200,000 or five percent of his net estate, whichever is the lesser, to the Lawrence General Hospital, and gave \$200,000 on the same percentage basis to Phillips Academy of Andover.

### 10 Years Ago — May 1973

As more or less anticipated, Andover's tax rate has been officially set at \$54 per thousand — a \$4 increase over a year ago. Town Manager J. Maynard Austin informed the Selectmen Tuesday night, that he felt the rate should be established now and not wait for rulings regarding objections to some phases of the Cherry Sheet disbursements.

Aurelio Colina, principal of Metuchen, N.J.'s Edgar School, is the top choice of Andover's central administration, South school faculty and South's parent representatives to be new principal of South School, the Townsman has learned.

## Testing

(Continued from Page One)

listening skills and math basic concepts tests.

Summaries of scores for the reading, writing skills, math basic concepts, vocabulary and math computation tests show students performing at a level at least two grades above their own: third-graders performed above the fifth-grade level in math computation, while sixth- and eighth-graders performed above the tenth-grade level, for example.

The highest grade level indicators are in reading, where third-graders scored above a seventh-grade level, sixth-graders above a tenth-grade level, and eighth-graders above a twelfth-grade level.

Mitsakos said the tests are "not discriminating enough" to show the true range of student abilities in Andover. School officials will recommend that the tests be changed so that scores are not "bunched at the top," he said.

In the only comment from the School Committee, Chairman Richard Neal emphasized that the scores represent an average — and some students will fall below that average.

"It isn't expected that every child will be at the ninety-fifth percentile," Neal said.

## Resume

The next topics to be covered are career exploration and personal time management. For more information, call the SLL office.

## Attendance

(Continued from Page 35)

preparing the policy, explaining that parents' notes are acceptable for the first 20 absences. "After 20 times we begin to wonder," she said, "and we would like someone else to help us with back-up information. It does serve a very practical purpose."

The principal said there are currently 106 students, or nine percent of the student population, who have been absent more than 20 days this year.

School committee members agreed that the attendance policy, written in 1979, should be reviewed, and promised to work with the parents' council to "address the concerns expressed tonight," Chairman Richard Neal said.

Donald Robb said the requirements for the early release program should be stricter, while Superintendent Kenneth Seifert said the schools should not condone 20 absences.

Neal said the committee will review the early release program at a later time, after the attendance policy has been reviewed.

## Kitchen Design

David A. Clement, designer

We know of one woman who wanted to convert her skinny galley kitchen into a kitchen large enough for two cooks. Since stretching the undersized space would require stretching her budget and making significant structural changes, the woman adopted a novel approach. She transformed the adjoining bedroom into the kitchen of her dreams. Since the galley kitchen and bedroom shared a common plumbing wall, plumbing was no problem. The only structural change necessary was a passageway from the new kitchen to the dining room. The old galley is now a pantry/laundry room and the new kitchen, of tile, butcher block and oak cabinets, is a dream come true.

Are you right now asking yourself what is wrong with your present kitchen? Do you need more room? More work space? Better lighting? More and better organized storage? Let our staff here at WINDSOR KITCHENS answer these questions for you. We understand every kitchen should be accommodated to the lifestyle of the persons using it and can help you achieve this goal. To learn more call us at 372-3444. We're conveniently located on Rte. 125 in Ward Hill, 1/2 mile north of Western Electric and our hours are Mon-Thurs 9-5:30, Fri 9-8, Sat 9-4, eves by appt. ## Orlando Named MVP; Jones Most Improved

Todd Orlando of Andover, a 6'10" junior center, has been named the Most Valuable Player of the 1982-83 Bentley College varsity basketball. Coach Brian Hammel has announced.

Kip Jones, also of Andover, was the team's Most Improved Player.

Orlando, a first team All-Northeast-8 selection, averaged 14.9 points and a team-leading 9.6 rebounds a game this season. He led the Falcons in blocked shots (a school record 60) and field goal percentage (.620, second best in the school's history). He enters his senior year with

1,242 points (11th on the career scoring list) and 772 rebounds. The only player in Bentley history to have scored more points prior to his senior year is Hammel, who finished his career in 1975 with a school record 1,767 points.

In addition to earning first team All-Conference honors, Orlando was named to the All-New England second team and was selected to the ECAC Division II Weekly Honor Roll three times.

Jones, 1 6'5" sophomore forward and son of Celtics' assistant coach K.C. Jones, averaged 4.9 points and 4.0 rebounds while playing 17.6 minutes a game. He had 45 assists and was third on the team in both steals (30) and blocked shots (16).

Jones' top offensive performance came against Brandeis when he connected on seven of 11 shots from the field and finished with a career-high 16 points and eight rebounds.

## Netmen Extend Win Streak

The Andover High School boys' tennis team extended their unbeaten winning streak to seven matches, raising their league record to 12-2, good enough to tie second place with Billerica in the Merrimack Valley Conference. Chelmsford, whom the Golden Warriors defeated in their only meeting so far this year, is top of the league with a 13-1 record.

Andover's top player, freshman Jeff Chiang, is still unbeaten, sporting a 12-0 record. Another freshman, Whitney Bailey, piled up a 5-0 record at first doubles before moving up to second singles where he has gone 6-1. Dave Bates, currently 10-1 at first doubles, has played with three different partners. Coach Brian McNally is pleased with the team's performance and feels it is due to a fine balance of some outstanding new talent and the experience of four returning lettermen. He is quick to point out that the junior varsity players are currently unbeaten on the season. This makes the young coach happy as he looks down the line to Andover High teams of the future.

On Tuesday the netmen completed their match against Methuen which had begun the previous Friday. At first singles Chiang defeated Peter Sergi 6-2, 6-3. At second singles Glen Grillo defeated Bailey 6-3, 1-6 and 6-4. Gregg Eaton won the third singles match by forfeit. Andover's Dave Bates and Tom Kannam downed Herb Ramy and George Nassar 6-1, 6-0 and Mark Perkowski and Steve Perlberg defeated Joel

Silverwatch and Steve Lemay 6-1, 6-0.

Andover hosted Lawrence on Wednesday and Coach McNally gave some of his top players a rest and let some junior varsity players have a taste of varsity action. At first singles Tod Dery defeated Rick Kaelin 6-1, 6-2; Steve Perlberg defeated Van So at second singles 6-0, 6-0 and Damon Dyer defeated Louis Collazo 6-4, 6-0 at third singles. The first doubles team of Jeff Kennedy and Billy Bruno defeated Lawrence's Kevin Giblin and Tino Ar-

dagna 6-0, 6-0. Andover won the second doubles by forfeit to complete the sweep.

The Golden Warrior's travelled to Lowell on Thursday and took a close match 5-0. Chiang was back in action and defeated Gerald Chertavian 6-1 and 6-2. Bailey won defeating Pat McCall in a very close match 6-4, 6-4. Eaton found the number three slot comfortable as he defeated Bob Panessiti 7-5, 6-2. These were the first three matches completed so Andover had officially won the match,

but the excitement was all on the two doubles courts. Bates and Kannam, playing together for the second time, dripped the first set 7-6 (7-4 in the tiebreaker) but took sets two and three by 6-4 and 6-3 over Lowell's Norman Robillard and Robert Violette. The second doubles match also featured a great deal of excitement as Andover's Perkowski and Perlberg dropped the first set 6-3 but pulled out some super points in defeating Ben Woo and Jim O'Brien 6-4, 7-5 in sets two and three.

# Babe Ruth Teams Launch Season

By Rick Harrison

The Andover Gold and Blue Babe Ruth baseball teams, members of the Greater-Lawrence Babe Ruth League, will launch their 1983 seasons on Sunday, June 5 when they square off against one another.

The game is scheduled to begin at 1:30 p.m., but the exact site has yet to be determined. The game will be played at either Doherty Junior High or Phillips Academy.

Andover Gold, the two-time defending regular-season and playoff champion of the league and three-time winner of the playoffs in the last four years, hosted the Lions of the Methuen Firefighters League last weekend and chalked up a 17-2 victory at the Doherty School Field.

Gold broke a scoreless tie with two runs in the bottom of the fourth, Methuen tied it in the top of the fifth, and Gold then broke the game open with four runs in the fifth and 11 more in the sixth.

Mark Doherty pitched four innings of shutout ball for the Gold, allowing two singles, walking two and striking out six.

Chris Colsia worked the next innings, permitting both Methuen runs while striking out three and walking none.

Larry Aiello mopped up with one inning of 1-2-3 relief, retiring the Lions on a pair of tappers to the mound and a strikeout.

The three hurlers combined for a six-hitter, walking two and striking out 10.

Andover Gold's first two runs came when Aiello and Colsia received consecutive walks to lead the fourth. Rick Lafond bunted them into scoring position, and Earl Abdoo slashed a two-run single to rightfield. Scott Wallace walked and Kevin Henderson was safe when his sharp two-out grounder to third base was misplayed, loading the bases, but a flyball to centerfield ended the inning.

Methuen opened the fifth with a double and three straight singles to produce its two runs, tying the game.

In the bottom of the fifth Mark Doherty and Aiello led with singles, Colsia walked, Rick Lafond lashed a two-run single to centerfield, and a pair of Lions' errors accounted for the other two runs to make it 6-2.

Gold sent 15 batters to the plate in the 11-run sixth. Scott Deery, Colsia and Lafond slapped run-scoring singles, Shane Smith slammed a triple and scored on an overthrow, Mike Lane was hit by a pitch to force home a run, and bases-loaded walks were issued to Smith and Larry Aiello. Colsia produced two hits in the inning.

Gold finished the game with 10 hits, two apiece by Lafond, Colsia and Abdoo. Deery, Smith, Doherty and Aiello added solo basehits.

Colsia scored four runs, Aiello three, Lafond two, Doherty two and Smith two.

Lafond had three RBI while Deery, Colsia and Abdoo added two each.

Shane Smith had an excellent defensive game at catcher.

gunning down two Methuen runners (a third was caught but ruled safe when the ball was dropped). Colsia, Doherty and Aiello all fielded well off the mound, and Leo Gravel handled three chances flawlessly at second base.

The Gold team, 50-6 against local teams the past two years and winners of more than 30 games each of the last four summers including Canadian and tournament play (127-24 overall), plans to make its 14th annual trip to Montreal the last week of June.

#### Orioles 7 - Tigers 6

Craig Knight, Hugh Maginnis and Pat Kelley led the Orioles to a come-from-behind victory over the Tigers by a score of 7-6.

The Tigers took command early, scoring six runs in the first two innings, primarily as the result of errant Oriole fielding. Kelley, the starting Oriole pitcher, received little support and left trailing 6-2 when he gave way to Maginnis in the fourth. Key Tiger hits were delivered by Ian O'Neal (two) and Paul Salafia. Maginnis pitched three scoreless innings by striking out seven Tiger hitters to gain the win.

The Oriole offense centered around the Oriole trio of Maginnis (two RBIs), Knight (three base hits, 1 RBI) and Kelley (one RBI). Johnny Gilmartin, Oriole catcher, added one base hit to couple with his ten putouts. Both Dave Carmere and Mike D'Angelo scored their first major league runs for the Orioles. Brett Hammond played well defensively at first base and shortstop.

Tiger pitching duties were shared by Steve Howes and Dave Sopp.

#### Yankees 13 - White Sox 5

The Yankees clinched the first half championship with a 13-5 victory over the White Sox. They combined 14 hits and seven walks to score while the White Sox collected four hits to go along with six walks. They Yankees were led by Pat Breen and David Jay, both getting four hits each, Sean Bergan, who collected two hits, including a long homerun, Josh Malitsky with two hits, Bob Lowry and Pat Hayes, one hit each. Andy Peck led the White Sox with two singles and Paul DaMarco and Jonathan Shine had one hit each.

Defensively, Bergan made a nice throw from left field to nail a White Sox runner at the plate. Peck,

combined with catcher Brad Cronin, to throw out a Yankee runner at home. Shine played a fine game at third. Pitching duties for the Yankees were handled by Breen and David Hughes, who pitched well in his first pitching appearance. White Sox pitchers were Peck and Bill Haley.

#### Tigers 1 - Yankees 0

The Tigers upset the league-leading Yankees in a superbly played game by both teams, featuring shutout pitching and excellent defense.

"Riches are chiefly good because they give us time." — Charles Lamb.

## First Half Not Decided

### National

The Cardinals finished with an 8-2 record to post the best first-half record. However, the Mets finished at 6-2-2 and could finish at the same percentage with overtime wins. The Cards won their final eight games, the Cubs finished 7-3, the Dodgers 5-4-1, followed by the Braves and Pirates.

### Cardinals 17 - Mets 2

In the tilt which decided first place, the Cards exploded for ten runs in the fourth and fifth innings against Mets relievers to win easily. Barry Connors led a 16-hit barrage with four hits, Raftery, Russell, Romano, Morey and Gill had two hits each. The Mets could do little against Cards ace Mark Russell who struck out seven. Dave Tucker managed two safeties and played well defensively and Ricky Pass and Alan Hanley also hit well.

### Little League

(Continued from Page 45)

Sean Ryan, George Bilger and Mike Hein pitched two innings of shutout ball apiece. Josh Malitsky pitched three shutout innings and Brian Davies two for the Yankees. Davies was the hardluck loser when an error, single and two walks, forced in the winning run as Steve Knight's walk proved to be the winning RBI.

Big hitters for the Tigers were Steve Howes, Paul Salafia and David Sopp, all with singles. Pat Breen, Pat Hayes and Craig DerAnanian had singles.

Defensive standouts for the Tigers were Sean Ryan, George Bilger and Mike Tiberii. Yankee standouts were Sean Bergen and Bob Lowry.

### Twins 18 - White Sox 1

Paced by the two-hit performance of pitcher Chris Lane, a nice relief effort by Keith Abernathy and a home run by Chris McNally, the twins scored early and often to defeat the White Sox 18-1. Peter Radulski chipped in with three hits and Paul Mondello made a great defensive play at second base. Peter Kannam and Paul DeMarco each had hits for the White Sox while DeMarco also had a good running catch to rob a Twins' batter of extra bases.

### Twins 18 Yankees 2

A solid team effort, sparked by the solid pitching of Jerome Geraro and Scott Livermore, paced the Twins to an 18-2 win over the then unbeaten Yankees. Doug Bruk made some great fielding plays at third base and Chris McNally lined a homer for the Twins while Brian Davies chipped in a hit and David Jaye played a standout defense for the Yankees.

### Cubs 7 - Braves 3

The Cubs pennant chances were kept alive by the combined arms of Darwin, Henry and Tad Lee. Hitting stars were Albie Minichiello and Mike Faraci. A crushing blow to the Cubs was the loss of potential all-star outfielder Brian Page who fractured his arm sliding. Outstanding players for the hard-luck Braves included Brendan McGrail, Ed Chaisson, Billy Batchelder and David Bakulski.

### Cardinals 6 - Pirates 3

The Cards won their seventh straight, but the Pirates fought fiercely. Jason Proctor and Barry Connors split the pitching chores to gain the win. Mark Russell had a two-run homer and double, Phil Romano had a long double. Scott Lanouette pitched well for Frank Orlando's club and A.J. Boutin, Kyle Murphy and Bryan Boucher were hitting stars.

## Doherty Winners

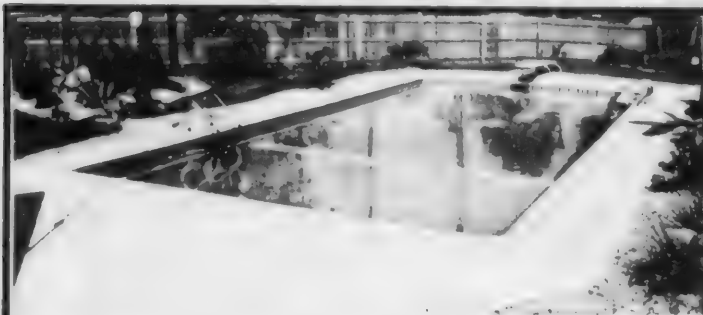

The Doherty Junior High School girls track team won the 22nd Annual Andover Junior High School Invitational Track Meet on Friday, May 20, scoring 94 points to defeat second-place Winthrop. Andover West finished third in the 10-school meet, scoring 56 points. The victory highlighted an outstanding year for the Doherty girls, coached by Leo LaFond.

In the boys' division, Tewksbury Junior High won with 121 points with Doherty finishing second with 98. Andover West placed fifth with 28½ points. Tim Perry of Andover West was the outstanding performer, winning both the high jump and low hurdles. His 6'1" leap in the high jump was one of the most outstanding performances ever turned in by any Andover junior high athlete.

The boys' team was outscored by Tewksbury 44-3 in the three jumping events. Failure of the town to put in jumping pits cost the Doherty team the championship, as it has been impossible to train athletes in those events. Coach Jim Hurley has developed outstanding jumpers for coach Dick Collins' Golden Warrior's varsity teams.

### 13-YearOld Division Braves 8 - Yankees 7

The Braves won a thriller over the Yankees 8-7 in a come-from-behind in the last half of the seventh inning. With Scott Wallace on second and Todd Patti on first, the score 7-6 in favor of the Yankees, a double steal advanced them to third and second base. Paul Davies then came through with a hard-line drive base hit to centerfield, driving in Wallace and Patti to win the game. Patti pitched an excellent game. Mark Tucker had three base hits and Brett Duggan had two. Craig Costanzo had a perfect day for the Yankees with three hits, including two doubles.

### White Sox 6 - Giants 5

The White Sox broke a 5-5 tie in the bottom of the seventh on an RBI single by Peter Vehlou to beat

the Giants 6-5. Kevin Henderson held the Giants to four hits in five and one half innings before giving way to Chris Concemi who pitched one and a half innings of no-hit ball to earn the win. Chris Nelson had two of the Sox's eight hits and scored the winning run. Chris Hekimian, Jack Dalton, Josh Yezerksi, Concemi and Henderson had the other Sox hits. Greg and Steve Devoir pitched a fine game, Steve banging two of the Giant hits. Short-stop Peter Trede made a super catch behind third base in the bottom of the seventh.

### Braves 9 - Cardinals 6

## On The Soccer Fields

By She Livermore

The Kicks, an Under 14 Girls' team, experienced their first victory last week as they toppled a strong Saugus team 3-1 in a rematch. The Tigans, an Under 14 Boys' team, also won their first victory, beating Salem 3-2. Brief results of the games appear below:

### UNDER 16 DIVISION

#### Andover United 5 - Gloucester Doryplugs 1

Andover United dominated throughout their rematch with Gloucester and built a 3-1 lead at the halfway mark with goals by Barry Tucker (2), one on a pass from Chris Abell, and Shannon McCabe on a pass from Paul McAdam. Paul Hevehan made it 4-1 in the second half on a fine pass from Mike Hardock, and Hardock completed the coring on a pass from McCabe.

#### Andover Flames 2 - Salem Sweethearts 3

#### Andover Flames 1 - North Andover Hurricanes 4

With only ten players on hand, the Flames were at a disadvantage from the word go. Salem tallied early in the game and Merrilee Clark tied it up for Andover on a pass from Lisa Spinelli. Salem added two more in the first half to take a 3-1 lead. In the second half, the Flames added one more when Clark scored on a direct kick and were trying for the equalizer when time ran out. BOW: Lisa Petzold, Stephanie Weinstein and Natalie Ongaro.

Only eight players showed for the game with North Andover, who scored once in the first half and added three more in the second to take a commanding 4-0 lead. With time running out, the valiant eight worked hard to deny the shutout and succeeded when Sheila Hamilton scored on a pass from Ongaro. BOW: The entire lineup for their "never say die" attitude.

#### Andover Twisters 1 - Andover Flames 0

#### Andover Twisters 0 - Peabody Tigers 2

The only goal of the scrappy contest between two Andover teams was scored in the second half by Bethany Hughes on a pass from Maura Dunn of the Twisters. The Flames made repeated attempts to tie it up but were denied by excellent defense and goaltending by the Twisters. BOW: Leigh LeGendre, Sandy Saba and Allison Reghitto (Twisters).

The Twisters made some good attempts to score in their game with Peabody, but the goalie did her job well. Andover held Peabody scoreless through the first half, but they broke through the defense in the second half, scoring one very early and another immediately prior to the closing, to win 2-0. BOW: Kelly Conley, Maura Dunn and Courtney Rogers.

### Andover Furies 1 - Topsfield United

Andover peppered the goal throughout the contest, but the shots hit the crossbar, sides or were a little too high. Topsfield's shots were more on target and they scored twice in the first half and added two more in the second. Aimee Ross did deny the shutout when her shot went sailing in over the goalie's outstretched hands. BOW: Katy Hughes, Kelley Johnson, Suzanne Curley and Kathy Neaves.

### UNDER 14 DIVISION

#### Andover Cobras 2 - Marblehead United 2

Marblehead took an early lead on a direct kick, but Andover tied it up when Chris Sapuppo headed the ball into the net on a pass from David Penney. Early in the second half Chris DiClemente completed a penalty kick to put Andover ahead, however, Marblehead, too, were awarded a penalty kick which they completed to tie it up. In the closing moments of play Geoff Bolan blocked a great shot

### Andover Apaches 2 - Georgetown Ducees 2 Andover Apaches 1 - Beverly Barracudas 3

The Apaches took an early lead when Rich Atkinson assaulted the nets on a pass from John Adams. Georgetown tied it up. Tom Ciolfi put Andover ahead in the second half when he found the range, however, Georgetown came back with one more and the game ended in a hard-fought tie. BOW: Robert Stoltz, Peter Vehlow and Derek Bobek.

Beverly played aggressively throughout the contest and held a 3-0 lead midway through the second half. The Apaches fought back, denied the shutout when Adams scored on a pass from Stoltz and were pressing for another when time ran out. BOW: Robert Devaney, Tommy and Tony Ciolfi.

### Andover Titans 3 - Salem Fire 2 Andover Titans 2 - Danvers Rovers 6

Salem scored early, but Andover tied it up when Billy-Ernesto Martin kicked in the ball on a pass from Greg Kinsky. Andover took the lead early in the second half when Scott MacIntire found the range on a pass from Craig Costanzo, but again Salem slipped by the defense and tied it up. Both teams worked very hard for the extra goal and the win and when MacIntire and Costanzo combined again off a corner kick, the Titans tasted their first thrill of victory this season. BOW: Goalie Mike Nelligan, Thomas Tormey and Mike Winters.

With only nine players on hand, the Titans were challenged by the Danvers Rovers throughout the contest. Danvers scored six goals, holding the spirited Titans to only two successful shots on their net, both made by Martin, one on a pass from Rick Banzi. BOW: The spirited nine for a great effort.

### Andover Chargers 1 - Lawrence Crusaders 1 Andover Chargers 2 - Andover Rattlers 2

Lawrence took the lead midway through the second half. Jim Reagan broke away from the crowd, made a great pass to Stephen Napolitano who kicked the ball into the net to tie it up for Andover. Any further attempts to score were denied by both teams and the game ended in a hard-fought tie. BOW: Eddy Pascucci and Paul McCarthy.

The Rattlers struck early when Bobby Hughes tallied on a pass by Robert Ashworth. The Chargers tied it up when David Stark scored on a pass from Dan O'Brien, and made it 2-1 midway through the second half when Jeremy Payne scored on a pass from O'Brien. With four minutes to go Hughes combined with Michael Schwartz for his second goal and a tie game. BOW: Jim Reagan and Steve Napolitano (Chargers) and Eric Buchholz, Taylor Ongaro and David Pinkney (Rattlers).

### Andover Rattlers 2 - Saugus Sting 3 Andover Rattlers 1 - Lawrence Crusaders 1 Andover Rattlers 2 - Merrimac United 3

The rattlers played four games last week in an effort to catch up with the rain-delayed schedule. In the contest with Saugus Bobby Hughes scored on a

pass from Lukas Wennik and Jamie MacKay kicked in the rebound of his penalty kick, but Saugus came back with three goals in the second half to win the victory. BOW: Chris Abele, Steve Bertetti, John Gemmell and Wennik.

Lawrence scored first, however, A.J. Boucher quickly tied it up on a fine pass by Hughes. The second half was scoreless and the game ended in a hard-fought tie. BOW: Michael Schwartz, MacKay and Bertetti.

Merrimac held a 2-0 lead at the end of the first half. Early in the second Robert Ashworth tallied, quickly followed by David Pinkney's goal, to tie it up. Both teams fought hard for the extra goal, and when Merrimac penetrated the defense one more time, the won the hard-fought victory. BOW: Hughes, Craig Buscema and Abele.

### Andover Buccaneers 1 - Revere Blazers 5

The Buccaneers were only able to capitalize on a direct shot made by Matt Young early in the game. Revere, on the other hand, were bent on a scoring spree and allied five goals to win the lopsided 5-1 victory. BOW: Mike Biondo and Albert Kang.

### Andover Sharks 0 - Hamilton Wenham 5 Andover Sharks 1 - Danvers Oilers 2

The Hamilton team seemed to be older and bigger and certainly demonstrated their soccer prowess by scoring twice in the first half and adding three more in the second, while denying the Sharks any good attempts to get the ball into the net. BOW: Leo Sorrie and Brian Costello.

## THE \$11,000 PRICE TAG IS COMMON. WHAT'S UNUSUAL IS THE CAR YOU GET FOR IT.

By now, car shoppers have resigned themselves to paying upwards of \$11,000 for even an ordinary car.

This is unfortunate. Also unnecessary. Because for about the same money, they could have an extraordinary car: the Saab 900.

The Saab 900 has everything the name would suggest and the price wouldn't, like jetronic fuel injection, a zero pollen air filter, 4-wheel disc brakes, rack-and-pinion steering. As for front-wheel drive, we consider that so basic, we don't even bother to put it on the sticker.

Which brings up something else: While you could pay extra to get some of Saab's features on another car, you'd still have another car.

Or maybe *Road & Track* said it better. "Price is one of the things that makes the 900 so attractive. The other is that it's a Saab."

With only eight players on hand the Raiders were at a disadvantage from the word go, however, they all worked hard and held the Avengers to only two successful shots on their net, kicked in by Sharon Petzold and Wilkins, and denied the shutout when Kim Heseltine found the range in the second half. BOW: Rosalyn Thompson for some good goaltending (Avengers) and the valiant eight Raiders.

Andover Sting 0 - Danvers Quakers 3

Andover Sting 3 - Merrimac Free Spirits 6

The Sting held a strong Danvers team scoreless in the first half, however, the forward penetrated the defense for three tallies in the second to win 3-0.

With the heavy rain turning the field into a mud-bowl, the Sting fought back against an aggressive Merrimac team throughout the contest. Merrimac matched the three goals kicked in by Pam Egan (2) and Carolyn Nash and added three more to win. BOW: Christine Colangeli and Pam Egan.

## Jazzathon

The Cystic Fibrosis Foundation of Massachusetts will hold the First Annual Jazz-A-Thon at the Lawrence YWCA, 38 Lawrence St., on June 1. Monies will be raised to aid the thousands of children who suffer daily with Cystic Fibrosis.

Cystic Fibrosis is the number one genetic killer of children in this country. It affects the lungs and digestive system. To date there is no cure. Cystic Fibrosis affects the family, not only the individual, as it is a result of two genes transmitted from each parent.

The Ina Sue Perlmutter Research Center at Boston's Children's Hospital Medical Center is the first research center in the country to devote its complete attention to the mysteries of Cystic Fibrosis.

Programs like the Jazz-A-Thon are necessary to provide the funding for research facilities and patient care clinics. The Cystic Fibrosis Foundation invites everyone to participate, by sponsoring a dancer or exerciser or by becoming a spectator.

## Coin Show

Howard Johnson's "57" in Park Square in Boston will host the Bay State Coin Show on May 26, 27 and 28, with partial proceeds to benefit the Cystic Fibrosis Foundation.

Hours are 10:30 a.m. to 8 p.m. Thursday and Friday, and 10:30 a.m. to 5 p.m. Saturday.

Cystic Fibrosis is the leading genetic cause of death in youngsters. Affecting the lungs and di-

gestive system, it is incurable and its cause is unknown. Research and advance patient care

services are helping the CF youngster become a CF adult and live life to the fullest.

## Little League

(Continued from Page 46)

### Dodgers 12 - Pirates 7

The Pirates jumped out front to an early lead, but could not hold on to get their first win. The hard-hitting Dodgers recorded their fifth win.

### Mets 6 - Cubs 3

The Mets has four early runs and used good pitching and defense to take over second place. Mets' ace rightie Mike Troy notched his third win, fanning nine over the distance. Ryan O'Leary, Mark Angelos and Troy each had two key hits. Chris Stout and David Tucker earned fielding honors. Jim Hendry and John Russell each had two hits for the losers.

### Cardinals 9 - Braves 8

The Cards survived a scalping by Tim Lane's Braves to gain at least a tie for the first half pennant. In a game played in a steady rain, the Braves had bases loaded in the fourth, only to have Frank Morey catch a hard liner to end the game. Cards pitchers Proctor and Connors, allowed only three hits and

whiffed 11. Extra-base hits were stroked by Raftery, Romano and Gill. Rookie Billy Batchelder continues to impress for the losers and Brendan McGrail had a strong game both ways.

### Cubs 5 - Dodgers 4

Neil Hendry's Cubs taught the Dodgers some respect with crisp running and defense in notching win number seven. Sean Darwin, in relief of Tadd Lee, held off the Dodgers to gain the win. Tim Hagerty was a defensive giant while Darwin led with three safeties. Tim Adams and Joey Lyons sparked the losers.

### Cardinals 13 - Dodgers 2

The Cards opened the second half with a drubbing of Pete Adam's charges. Phil Romano had a grand-slam homer to lead the attack. Matt Adams was the only Dodger hurler to cool the Cards' bats. The Cards have steamrolled to nine straight wins on the right arm of Mark Russell and the hitting of Connors, Romano and Russell.

President George Washington selected the site of the present-day Washington D.C.

### etcetera inc.—Creative Enrichment Program

The making, baking and eating of Irish bread is just one of the activities that the kindergarten children enjoy during the course of their half day at etcetera inc. etcetera opened on February 4, 1980, offering a program for older children at the end of the school day and expanded to include kindergarten children last September 1982. Both programs were organized in response to an expressed need of working parents for a creative, caring environment for their elementary school children during the hours they were not in school. When the new year begins in September 1983, etcetera will offer both a morning (8:15 a.m. to 12 noon) and an afternoon (12 noon to 3:15 p.m.) session in addition to the after-school session (3 p.m. to 5:30 p.m.).

etcetera director, Virginia Maxfield, describes the program as a "bridge building service" for families; one that creatively spans the hours between school opening and closing and the parents' work day in an environment very much like home. There is a regular enrichment program with emphasis on life skills, exploration of our natural world and healthful recreational activities. etcetera follows the school calendar exactly; transportation and snacks are provided; parents are asked to make a commitment for the entire school year and for a period of at least three days per week.

There is a ratio of at least one adult to eight children. The principal staff are certified teachers and all have had considerable in-

depth experience working with this age group.

etcetera inc. is a private, non-profit educational institution which maintains a racially non-discriminatory policy as to students. This policy means that the school admits students of any race to all the rights, privileges, programs and activities generally accorded or made available to students at that school, and that the school does not discriminate on the basis of race in the administration of its educational policies, admissions policies, scholarship and loan programs and athletic or other school-administered programs.

If you would like more information about the etcetera program for your child, please call Virginia Maxfield at 470-0640.

years: that would leave the state time to buy the land from Kelly, he indicated.

(Silverman added that he did not expect to see the state build a cloverleaf in the area; he said a single exit on each side of the road with an overpass is more likely to be the state's solution.)

Residents told the selectmen that industrial traffic traveling their residential streets is dangerous, especially to children, and Cassidy said town officials have taken "no action" to correct the problem. In a written statement to the board, the BVIS recommended:

- Placing NO LEFT TURN and NO RIGHT TURN signs at the corners of Dascomb and Clark roads, Clark Road and Andover Street, and River and Andover streets, "with appropriate protection for Bannister Street," to prohibit turns during rush hours. Residents said this roundabout route could discourage both commuter and truck traffic.

- Pursuing a proposal to ban trucks from Ballardvale streets. This would reroute traffic through Wilmington, and the town manager has said Wilmington officials will not agree to that until Wilmington's Ballardvale Street has been improved; those plans are underway, but construction has not begun.

- Pursuing plans for a Lowell Junction interchange, a goal of selectmen for at least 25 years.

The manager said he believed that rerouting industrial traffic with the "no turn" signs might "create traffic hazards that far exceed the benefits," particularly on River Street.

But Dalton said he would like to consider the idea, saying, "If it's a good idea, we'll do it." The board agreed to act on the proposal during their second meeting in June.

### Fine Jewelry At Andover Precious Metals

You can't beat Andover Precious Metals' price on gold chains, rings and all jewelry. Frank DiVicenzo, owner of the store located at 77 Main St. (rear) downtown Andover, discounts everything in the store, offering all merchandise at 1/2 off all the time!

In fact, Frank will tell you that if you can beat his price on gold chains, he'll refund the difference in cash. With that guarantee, you definitely cannot go wrong!

Would you pay the same amount for a five pound roast beef as you would for one that is ten pounds? This is the example that Frank uses to explain to his

customers the need for buying gold jewelry by weight. It is important to weigh gold jewelry before purchasing to be sure that you are receiving what you are paying for.

Ninety percent of the gold jewelry available at Andover Precious Metals is sold by weight. This includes a full line of 14 and 18 karat gold chains, bracelets, rings, charms and pendants, all offered in three different colors.

Frank has been involved with the jewelry business for over eleven years. He is a graduate of the Gemological Institute of America in Santa Monica, California, and New York City, receiving a thorough background in

diamonds. Frank will be happy to appraise your diamonds for you and repair your jewelry on the premises.

A wide assortment of diamonds are available, as are Krugers, all at discount prices. Frank is also an authorized Seiko dealer, carrying a large selection of men's and women's quartz watches.

In addition, Andover Precious Metals will buy your old rings, diamonds or jewelry.

So if you're looking for a special gift, it would be worth your while to visit Andover Precious Metals. Open Monday through Saturday 9:30-5:30 and Tuesday and Friday until 8 p.m.

### The Music Place—A Classy Little Store

If you're looking for a music store that sells more than just instruments. The Music Place, 135 Main St., North Reading, is the place for you.

If you've never been to The Music Place, or if you haven't been there lately, there's a lot to see. Co-owners Joseph Picano and John Bermiani not only carry many new lines (as well as old favorites) of musical equipment and accessories, but also buy and sell used instruments and offer private music lessons, too.

All instruments are taught—guitar, drums, voice, all reeds, sax, clarinet, flute, piccolo, piano, banjo, synthesizer—you name it, they teach it. All their teachers are highly qualified, schooled musicians from such colleges as Berkeley College of Music, New England Conservatory, Lowell University, Hart Uni-

versity, University of Vermont and Boston Conservatory. And anyone who signs up before June 1 will receive two free lessons.

They offer absolute top quality at very low prices (their equipment compares to much higher priced equipment).

The Music Place is this area's authorized dealer for Ross public announcement systems, the line professionals use. They also carry Korg keyboards, Martin guitars and the new Sambian cymbals which provide quality sound at an economical price.

And Joe and John should know quality sound. They are both professional musicians known in the North Shore for their band, Wind Song. Their music is enjoyable and versatile—perfect for all types of functions.

Anything a musician would

need is available at The Music Place. When there is something you need that is hard to get, visit them. They stock hard-to-get items as well as those easily obtained and take pride in offering high quality products at very low prices.

Joe and John realize the need for personal attention and the ability to try an instrument before purchasing it. If you are a serious buyer, come in, browse around, touch and play. It's not only a classy little store, but also a friendly little store.

Don't forget The Music Place, whether you're looking for musical instruments, accessories or private lesson. Open Monday 12-9; Tuesday 12-7; Wednesday and Thursday 12-9; Friday 12-6:30; and Saturday 10:30-4:30. Tel. 664-6213.

## Real Estate

By DOUGLAS N. HOWE

REALTOR

**WHY A TITLE SEARCH?**

A home is a peculiar kind of a purchase. Although you may be the only purchaser involved, others may also claim rights in the property.

For example, there may be an easement to restrict the use of your land. The seller may not have paid his taxes. A previously undisclosed heir of a former owner may appear and claim a share of the value. These are a few of the problems that can and do occur.

Your deed to the property does not eliminate claims that others may have. It simply transfers the seller's right of ownership to you.

But there are ways to protect yourself from these lurking dangers. A title search of public records will check for possible claims against the real estate. But for protection against hidden land title problems that even the most thorough search will not reveal — the answer is title insurance.

.....

If there is anything we can do to help you in the field of real estate, please phone or drop in at **THE HOWE AGENCY, 4 Punchard Ave., Andover.** Phone: 475-5100. We're here to help.

## School Calendar Debated Again

The school calendar debate cropped up again, briefly, Tuesday night when a group of parents petitioned the School Committee to reconsider the calendar they approved two weeks ago.

The committee had approved a calendar for next year that will start school on Monday, Sept. 12 (with teacher preparation days on Sept. 6 and 7), and end school on Tuesday, June 26 (with the final teacher day on June 27). That calendar was designed to avoid opening school on Thursday, Sept. 8, the first day of the Jewish holiday Rosh Hashanah.

Parent Gail DerAnanian asked the committee to consider having one teacher preparation day on Sept. 6, and bringing students back on Sept. 7. Schools could then close earlier in June, she said.

Committee member Michael Giammusso also proposed an alternative that would let school close earlier: a teacher day on Sept. 6, school opening on Sept. 7 and 8, and another teacher day on Friday, Sept. 9. School could then end on June 22, he said.

But Robert Smith said the calendar voted earlier was meant to provide "the smoothest opening," and he maintained that it was the best alternative. Susan Poore agreed.

Chairman Richard Neal said he had voted against that calendar because he believes it ends school too late, saying he would prefer to see teachers return before Labor Day, Sept. 1 and 2, so that school could begin the following week.

Donald Robb pointed out that teacher opposition to returning before Labor Day created as much of a problem as the Jewish holiday.

The board did not move to reconsider their earlier vote, and parent Sheila Livermore called that "very sad." Livermore said the committee should have asked the teachers to return earlier.

### Veterans' Information

VA computers have the names of more than 304,000 Smiths, 202,000 Johnsons, 149,000 Williamses and 144,000 Jones. The agency even lists 50 Ronald Reagans and more than 100 Harry Walters (he's the new VA administrator). These names become a problem when one of these ex-GIs write and don't include their all important military serial number, social security number or VA claim number.

The chairman commented that the calendar question seemed to set off "anti-Semitic sentiment throughout the community." Neal said the committee was trying to be "considerate" of Jewish students who might miss the important opening day, and had not been "pressured" by parents in the Jewish community.

"I am very concerned that the community needs to take a little look at itself," Neal said, in light of the reaction the calendar decision inspired.
